How to add a server icon

You can add an icon to your server to be displayed on the server-list.

The image must meet the following requirements:
- The size must be 64x64
- The format must be .png
- It must be called "server-icon"

Here are the steps to follow:

1. Go to your server's control panel.

2. Go to the **"Console"** section in the navigation column.

3. Scroll down to the bottom of the page, and click on the **"Upload server icon"** button.

4. A window will pop up, click on the "Upload" button, and select the icon you want to use on the server.

5. Restart the server.
